

CAPE AND ISLANDS WORKFORCE BOARD

Regional Workforce Skills Planning Initiative Request for Qualifications for Regional Plan/Blueprint implementation in the Cape Cod Region

MA Governor Charlie Baker has created a Workforce Skills Cabinet (WSC) comprised of the Executive Offices of Labor and Workforce Development (Secretary Rosalin Acosta); Education (Secretary James Peyser); and Housing and Economic Development (Secretary Jay Ash). The WSC is seeking to build collaborative solutions by aligning economic, workforce, and education systems in Massachusetts with the skill needs of regional economies. A Regional Planning process has been completed that brings together regional partners to craft collaborative solutions to meet the region's and the Commonwealth's jobseeker and employer needs. The goal is to ensure that regional employers, educators, economic development entities, regional planning organizations and workforce training officials are coordinated in a way that creates strong talent pipelines, for both middle-skilled and highly skilled jobs.

The implementation process for the Cape & Islands region is led by the region's workforce development board: The MassHire Cape & Islands Workforce Board. An estimated \$25,000 is available to pay to support the regional plan/blueprint implementation. The board is seeking an organization, an individual, or a collaboration of individuals to provide support, including:

- Plan, with the workforce board, up to four sessions between October and May 2018/19, to facilitate the implementation of recommendations for workforce interventions as identified in the regional blueprint. The implementation group has already been established. Staff from the workforce board will provide labor market analysis to guide these discussions as needed.
- Participate in employer focus group session(s) to ensure that implementation strategies are properly aligned.
- Facilitate the discussion between educators, economic development entities, regional planning organizations and workforce training officials regarding the implementation strategies contained in the recently developed Regional Blueprint.
